# ITINERARY

The following pages detail our day-to-day activities. In addition to this itinerary, you will receive a daily program that lists the planned activities for each day with specific timings.

Please remember that this is an expedition in the true sense of the word. You should expect that changes will occur along the way, timings will be adjusted, and unexpected events will affect the program. Your Expedition Leader will conduct briefings to keep you apprised of any scheduling changes.

## Explorer Destinations

Explorer destinations will be marked with the above icon. These destinations have been chosen due to their remote beauty, historical and cultural significance, unique touring and wildlife access rather than their luxury lodging and dining. For these stops we will stay in more basic, authentic properties that are the best available for the location. Fine dining opportunities may be limited in these locales resulting in more buffet-style group meals due to service limitations. While these stops may require a more adventurous spirit, we believe you will be rewarded with deeply enriching and authentic experiences that can only be found off the beaten path.
